## Rotatable earth couplings for tank, piping and associated equipment construction

An effective earth connection to the workpiece is essential for perfect manual or automatic welding. Ever increasing demands on the quality of welded parts make it necessary to use specially developed current transmission elements. In many cases this eliminates a frequent source of trouble.

For rotating workpieces, an earth connection with a current coupling is the safest and best solution. This extremely solid, rotatable current transmission element is built to withstand rough handling.

NKK 2000 - 2000A  
Can be regreased

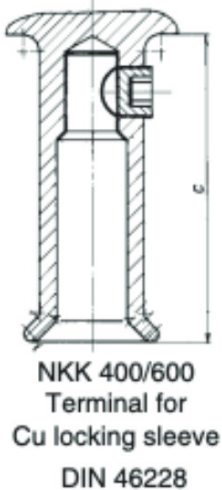

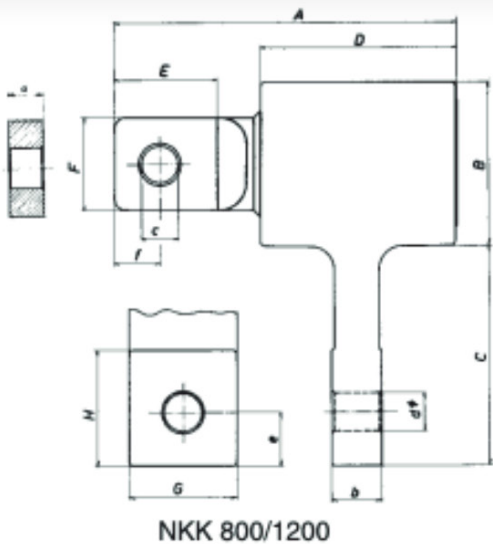

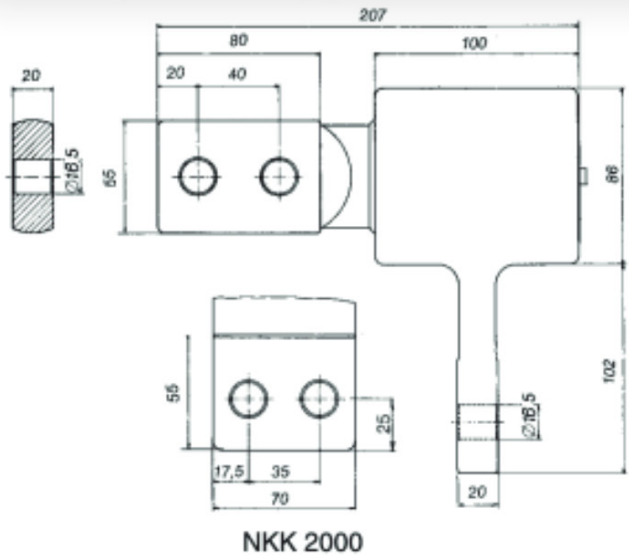

NKK 800 - 800A  
NKK 1200 - 1200A

NKK 400 - 400A  
Cable cross-section 50-70 mm<sup>2</sup>  
NKK 600 - 600A  
Cable cross-section 70-95 mm<sup>2</sup>

## EXPERIENCE THE CONVENIENCE OF EVERYTHING UNDER ONE ROOF

---

At Lascentrum, you can find everything you need regarding products for welding and safety. Lascentrum has been established in 1988 and now imports a complete range of welding consumables, gouging electrodes, gas welding & cutting equipment, welding blankets, safety products and accessories.
