

EXTENDABLE SWIVEL ARMS

Extendable swivel arm | Easy wall mounting | Durable and rust-resistant | 6m | 8.5m

Extendable swivel arms

Welding arm 6 meters – Effortless welding with maximum freedom of movement!

Eliminate the hassle of short cables and uncomfortable positions while welding. This extendable swivel arm ensures smooth and comfortable operation, even on large surfaces. It easily swivels and extends, and with the bearing-mounted rollers, everything operates seamlessly.

- Reach up to 6 meters – compact at 2.4 meters when retracted
- Capable of supporting up to 65 kg, making it ideal for heavy-duty welding tasks
- No cable mess thanks to integrated guide supports
- Easy wall mounting – strong and stable
- Swivel brake for extra control
- Durable and rust-resistant, fully electro-galvanized
- Expandable with accessories – fully customizable to your needs

Welding arm 8.5 meters – Even more reach, even more convenience!

Do you need that extra bit of reach?
This 8.5-meter extendable swivel arm allows you to work effortlessly on large surfaces, without the hassle of cables or restricted movement. The arm swivels smoothly and extends easily, ensuring you always have the perfect working position.

- Extra-large reach: 8.5 meters – compact at 3.0 meters when retracted
- Load capacity up to 50 kg, ideal for various welding equipment
- No more hanging cables, thanks to integrated guide supports
- Robust wall mounting included
- Swivel brake for controlled movement
- Fully electro-galvanized for wear and corrosion resistance
- Expandable with practical accessories for customization
