

EO-3000

Compact electrode drying oven | Adjustable temperature | With handle and wheels

312.EO-300

Compact and lightweight

These electrode drying ovens are mainly used to dry the electrodes and extend the life of the electrodes.

EO- 300 is specially suitable for re-drying the electrode having excess humidity than the constant capacity of the flux of electrode.

- **Adjustable thermostat**
- **With wheels and pull handle**
- **22 kg electrodes capacity**
- **Spring latch tightly secures an insulated lid for maximum efficiency**

Electrodes capacity	22 kg
Voltage	230V, 50/60Hz
Temperature	300°C Max.
Thermostat	Adjustable thermostat
Capacity	600W
Outer size	57 x 30 x 30 cm
Inner size	47 x 15 x 15 cm
Weight	23 kg

EXPERIENCE THE CONVENIENCE OF EVERYTHING UNDER ONE ROOF

At Lascentrum, you can find everything you need regarding products for welding and safety. Lascentrum has been established in 1988 and now imports a complete range of welding consumables, gouging electrodes, gas welding & cutting equipment, welding blankets, safety products and accessories.
