

# ST-92B9

A213 T92(Seamless tube), A335 P92(Seamless pipe), A387 Gr92(Plate), A182/A336 F92(forging), A234 WP92

## Conformances

AWS A5.28/ ASME SFA5.28 ER90S-G

## Current

GTAW: DC -

## Applications

- Headers, main steam piping and turbine casings

## Shielding Gas

Ar

## Features

- Good high temp. creep resistance
- In the PWHT condition the microstructure consists of tempered martensite with alloy carbides

## Diameter / Packaging
