

WELDING ANGLE GAUGES

Stainless steel | Accurate measurement | Easy to use

Welding angle gauges

Welding angle gauge keychain model

- Designed as a handy keychain model
- Made of lightweight aluminum, which makes it easily portable
- Accurately measure A-heights from 4 to 14mm

Product code 333.FM

MI-WG-01 Digital welding height gauge

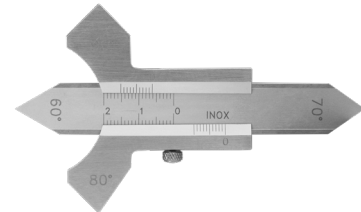

- Quick and accurate measurements up to 0.01 mm
- Simple reset
- With a mm/inch button for switching between metric/inch
- Comes with spare battery
- This digital weld height gauge can be connected to a printer with a special data cable. (Data cable is not included)

Product code 333.MI-WG-1

MI-WG-02 Welding height gauge

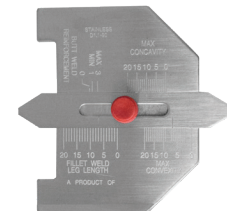

- This welding height gauge has the angles: 60 - 70 - 80 - 90 degrees
- Made of stainless steel material
- Measuring range 0-20 mm

Product code 333.MI-WG-2SG

MI-WG-03 Automatic welding angle gauge

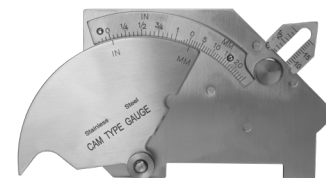

- This stainless steel welding angle gauge is small in size and easy to operate
- For measuring weld angles, weld height, leg height and throat height

Product code 333.MI-WG-3

MI-WG-04 Universal welding angle gauge

- This Universal welding meter is your ideal measuring tool while welding
- Made of stainless steel
- For measuring weld angles, weld heights, alignment and throat height

Product code 333.MI-WG-4

MI-WG-05/ MI-WG-05L40 Economical alignment gauge

- With this Economical alignment meter you can easily and quickly measure the difference between 2 points in your welding work
- Available in inches or metric

Product code 333.MI-WG-5/333.MI-WG-5L40

Welding angle gauges

MI-WG-06 Alignment gauge

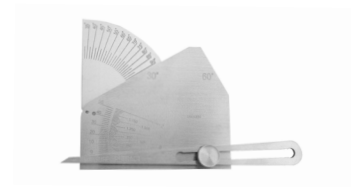

- This lightweight alignment gauge allows you to quickly switch between standard and metric

Product code 333.MI-WG-6

MI-WG-07 Leg and angle welding gauge

- A must for designers and inspectors
- Measurements are easy to read in standard/metric

Product code 333.MI-WG-7

MI-WG-08 Burn-in angle gauge

- This welding gauge for measuring burn-in angles is easy to use
- Measurements can be read quickly

Product code 333.MI-WG-8

MI-WG-09 Welding angle and welding height gauge

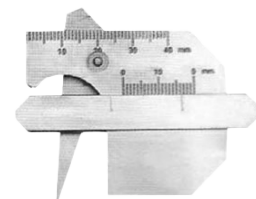

- The MI-WG-9 is a compact stainless steel welding gauge for measuring welding height and welding angles and is easy to operate.

Product code 333.MI-WG-9

MI-WG-10 Multifunctional welding gauge

- This welding meter is multifunctional, has a portable and compact design
- Easily and quickly measure your welding work

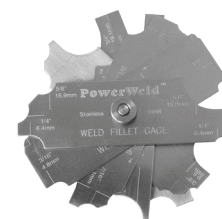

Product code 333.MI-WG-10

MI-WG-11 Welding gauge

The MI-WG-11 welding meter quickly and accurately measures 11 commonly used weld sizes:

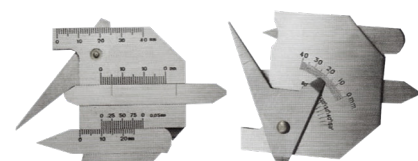

- 1/8", 3/16", 1/4", 5/16", 3/8", 7/16", 1/2", 5/8", 3/4", 7/8" and 1"
- For measuring weld angles, leg heights, throat heights
- Each profile sheet is made of stainless steel (1/4" x 4")
- All sizes and numbers are engraved on the surface

Product code 333.MI-WG-11

MI-WG-12 Multifunctional welding gauge

- For measuring weld angles, penetrations, weld heights and front openings
- It is made of stainless steel and is characterized by a portable and compact design for fast and accurate measuring

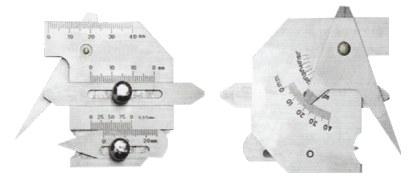

Product code 333.MI-WG-12

Welding angle gauges

MI-WG-13 Multifunctional welding gauge

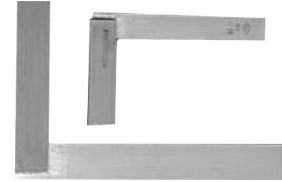

- For measuring weld angles, weld heights and front openings
- It is made of stainless steel and features a portable and compact design for quick and accurate measuring of your welding work

Product code 333.MI-WG-13

MI-WG-14 Block hook

- Block hook with the dimensions: 630x400mm

Product code 333.MI-WG-14

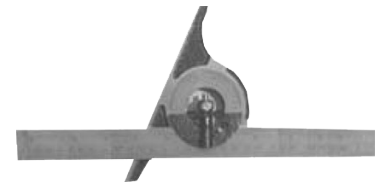

MI-WG-15 Welding gauge

- The special shape of this welding angle meter allows the angle to be read accurately and quickly
- Has a measuring range from 0 to 20mm

Product code 333.MI-WG-15

MI-WG-16 Welding angle gauge

Product code 333.MI-WG-16

MI-WG-17 Measuring tools

- You can easily and with high precision read the measurements of your welding work
- Portable and simple design. Measure angles from 0° to 180°.

Product code 333.MI-WG-17

MI-WG-18 Front opening gauge

- For seamless measurement of the front opening for welding
- Front: Inch, back: Metric
- Made of stainless steel

Product code 333.MI-WG-18

MI-WG-19 Welding height gauge

- This universal welding height gauge is made of stainless steel and has a portable and compact design
- Has a simple operation, for fast and accurate measurements
- Total size: 320x170x15 mm

Product code 333.MI-WG-19

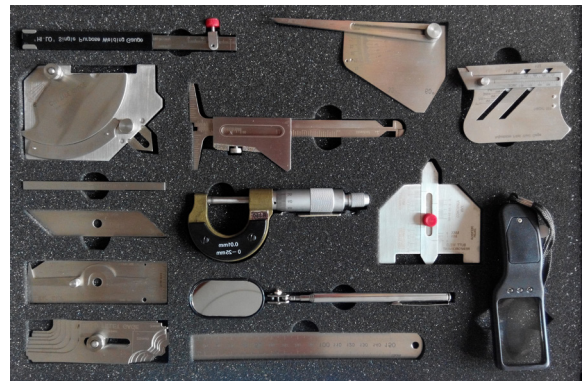

Welding angle gauges

MI-WG-S01 Welding angle gauges suitcase set

- Filled with all the measuring tools you need for your welding work
- This measuring tool case can be closed with locks

Case contents:

- V-WAC welding gauge
- WTPS welding gauge
- Welding gauge HI-LO
- Telescopic welding mirror
- Welding gauge Skew-T
- ADJ angle welding gauge
- Angle welding gauge
- Welding gauge Bridge Cam
- Stainless steel ruler 150 mm
- Micrometer with ball
- Welding gauge AWS
- Magnifying glass

Product code 333.MI-WG-S01

EXPERIENCE THE CONVENIENCE OF EVERYTHING UNDER ONE ROOF

At Lascentrum, you can find everything you need regarding products for welding and safety. Lascentrum has been established in 1988 and now imports a complete range of welding consumables, gouging electrodes, gas welding & cutting equipment, welding blankets, safety products and accessories.
